

Long Island Sound Blue Plan Public Meetings

The Blue Plan is a new paradigm in Connecticut's management of Long Island Sound that seeks to identify and protect **Significant Human Use Areas** and **Ecologically Significant Areas**, as well as reduce conflict with future activities. The complete draft Blue Plan is available online, and we'd like to hear from you! Much more about the Blue Plan is available at www.ct.gov/deep/lisblueplan.

The plan development team, led by the **Department of Energy and Environmental Protection**, will hold a series of public meetings to present on the Blue Plan and discuss how it may affect you, and invite comments to improve the final document. Your input will make a difference in the future of the Sound. These meetings are being offered to answer your questions and hear your concerns.

Meeting locations and dates:

Branford: April 24, 6:30pm

Thimble Island Brewing Company, 16 Business Park Dr, Branford, CT 06405
